The English Cities Fund was created by the UK Government to increase levels of private investment in UK towns and cities.

The fund has shown that high quality, mixed-use, area-based regeneration schemes provide viable, attractive and worthwhile opportunities for institutional investors in the medium to long-term, alongside lasting community benefits and environmental improvements.

**THE FUND HAS BROUGHT FORWARD FIVE SCHEMES; IN LONDON, PLYMOUTH, WAKEFIELD, SALFORD AND LIVERPOOL – WITH AN ESTIMATED TOTAL COMPLETED DEVELOPMENT VALUE OF AROUND £2 BILLION.**

Together these will comprise over 8.5 million sq ft of mixed-use floor space, including more than 4,000 new homes, and bring back into productive use almost 100 acres of brownfield land.

The three partners are: Muse Developments, Legal & General and Homes England.

Muse Developments is one of the country's leading names in mixed-use development and urban regeneration with more than 30 years' experience, having delivered over 16 million sq ft of commercial and residential property.
